# A Brief History

In the summer of 1939, independent missionaries joined resources with a calling to create the first camp for boys and girls of southwest Virginia.

They rented a large mule barn on the Pound River. Camp Bethel moved to its current location in Wise, Virginia in 1946, and it now provides year-round camping and retreat opportunities for all ages, continuing "to know Christ and make Him known."

In 2021 after a period of hardship, Camp Bethel began a "reboot" under new leadership, adding the vision of "Connecting Generations in Christ."

God's Word calls believers to disciple the next generation, & we want to join the call as we come alongside churches, helping provide a place where people can hear the gospel and respond to Jesus for salvation, and where believers can grow in their walk with Him.
